The non-profit Board of St. Agnes' Auditorium, Pouch Cove, supports the application of "Aging at Home" - Thomas Mengel and working group - in it's endeavour to form a Seniors Co-operative. I trust that the NLFC and other funding and regulatory bodies see the importance of ensuring aging people have full autonomy and control over their current and future lifestyle options. Pouch Cove currently has no senior's housing options and the working group will do well to identify and rectify the specific needs of the senior's community.

Sincerely, and in support, Chris Shortall
and the Board of 13268675 Canada Foundation, St. Agnes' Auditorium.
